Maybe even better than free.

Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. filehosting provides an easy possibility for you to send large files to your friends. It is also allowed to link to the download page from websites and communities. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Our service is completelyfree for everyone. No account or credit card is required to get started. Files can be downloaded from any computer from our high speed servers. Unfortunately,we can't make that part free. Using file, you can circumvent those limits without paying to upgrade your team chat service. Files transferred the old-fashionedway tend to pile up and be forgotten about, eventually costing you money in data storage fees. You can upload any type of file (movies, music, documents,images, zip files and more). Alternatively you can choose to share your download links on blogs, forums and social networking sites. Simply upload your fileand share the link. We have no file size limit. Just upload the file you want to share with your friends and we send you a download link to your file. The cost ofthat data transfer is covered by your internet service or the data plan on your phone. Your wallet will be none-the-lighter! Just so we're all 100% clear here:When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. This is easy, fastand reliable filehosting! You don't need any kind of premium-accounts. You decide who you want to share your files with. There are no restrictions on thenumber of times a file can be downloaded. Keep your files private, or send your download links only to friends or family. You can give this download link toyour friends by mail or instant messenger. Any file in any format can be uploaded and downloaded for free. If only we could, we surely would! On the otherhand, using file can actually save you money. So try our free and simple filehosting service now. You don't need any special software installed to be able todownload your files. File is free to use with no gotchas and no hidden fees.
