Maybe even better than free.

This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. You can upload any type of file (movies, music, documents, images, zip files and more). Unfortunately, we can't make that part free. Our service is completely free for everyone. Using file, you can circumvent those limitswithout paying to upgrade your team chat service. Simply upload your file and share the link. Just upload the file you want to share with your friends and wesend you a download link to your file. It is also allowed to link to the download page from websites and communities. You can give this download link to yourfriends by mail or instant messenger. File is free to use with no gotchas and no hidden fees. The cost of that data transfer is covered by your internet service orthe data plan on your phone. Keep your files private, or send your download links only to friends or family. You decide who you want to share your files with.Alternatively you can choose to share your download links on blogs, forums and social networking sites. We have no file size limit. filehosting provides an easypossibility for you to send large files to your friends. So try our free and simple filehosting service now. Files transferred the old-fashioned way tend to pile upand be forgotten about, eventually costing you money in data storage fees. No account or credit card is required to get started. When you use file, you avoidstoring the file you're sending in your cloud storage or mail server. You don't need any special software installed to be able to download your files. Your walletwill be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers,then from our servers to your friends device. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat appshave limits to the size of files that can be transferred within their apps. Files can be downloaded from any computer from our high speed servers. If only wecould, we surely would! On the other hand, using file can actually save you money. Any file in any format can be uploaded and downloaded for free. There areno restrictions on the number of times a file can be downloaded.
